

Cable Kit 3019 Interface 3009/04

Mimer SoftRadio - Motorola MTM700/800 with virtual control head

Remote functionality

This cable kit will together with the Mimer Network Interface give remote control of the radios audio and PTT functions and it will present a Virtual Control Head.

Radio programming

Usually no special programming is needed.

You might check the following:

- GPIO Pin #4 should be set to Ext Alarm, High, if you want Mimer to react to selective calls.

Power

The interface is powered via the radio, no extra power cables needed.

Connection

Yellow connector = Interface, Blue connector = Radio

The radio shall be data capable and equipped with PLMN4908 “Expansion/Data Head”, the standard control head is not used.

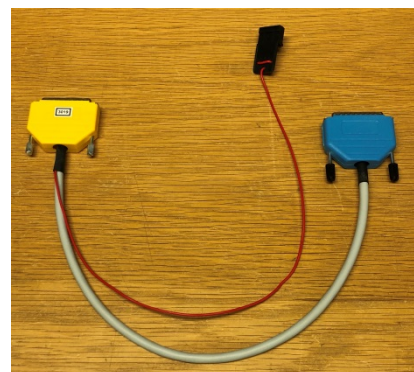

Valid radio types

	MTM700	MTM800
Data radio	M47XCC6TZ5	M80XCC6TZ5
Motor Cycle radio	M47XCW6TZ2	M80XCW6TZ2

(X=P/R/U for different frequency bands)

MTM700/800 with Expansion Head
