

## Cable Kit 3268 Interface 3009/45 & 3009/37

### Mimer SoftRadio – Jotron RA7203 (The receiver of TR-7750 / TR-7750C)

#### Remote functionality

This cable kit will together with the Mimer Network Interface give remote control of the radios Rx audio.

It will also present a virtual control head, to the operator, with remote control of channel change and squelch settings.

#### Radio programming

The interface is pre-set for the following radio default settings:  
Rx Config/Audio/Line Output Level/0.0dBm

See screen shot on next page.

#### Power Supply

The interface shall be powered with 12VDC through the red and black wires. Red is positive.
