

## Cable Kit 3320 Interface 3130 or 3009/09

### Mimer SoftRadio for Motorola MTP850S

#### Remote functionality

This cable kit will together with the Mimer Network Interface give remote control of the portable's audio and PTT functions.

#### Radio programming

No special programming needed.

#### Connection

12VDC through the power connector.  
The network interface consumes max 0,3A.

The audio output from radio to interface is set by the volume control on the radio. The interface is tuned at delivery for the volume control to be in the "half-volume" position. This might need adjustment.
